

Midtown Newsletter

Winter 2021

Work Orders (WOs):

Got an issue in your apartment? Drain running slow? Heat not at it's best? Light flickering? Toilet running? WO's are always available in the lobby, come down and fill one out. Take a few home and keep them on hand. You can drop them off at any hour on the door of the Midtown office. You can also login to Tenant Home on www.potsdamhousingauthority.com and complete an online WO.

Remember, always call when it is an emergency!

Not a fan of the snowy winters we get? The snowiest city on earth is in Japan. Aomori City in northern Japan receives more snowfall than any major city on the planet. Each year citizens are pummeled with 312 inches, or about 26 feet, of snow on average.

Freezing rain and sleet can both have scary effects on driving conditions, but their formations differ in some key ways. Both types of precipitation occur when rain formed in warm air in the sky passes through a layer of cold air near the ground. Thicker layers of cold air create sleet, a slushy form of water that's semi-frozen by the time it reaches the Earth. Thinner layers don't give rain enough time to freeze until it hits the surface of the ground - it then forms a thin coat of ice wherever it lands.

If someone is outside when the front door is locked and they are banging to be let in, are you obligated to allow them entrance into Midtown? **No.** There is no reason to allow anyone you do not know entrance into Midtown. Opening the door is of your own discretion.

Office Hours:

Monday—Friday

9 AM—4 PM

(315) 265-3680

www.potsdamhousingauthority.com

Maintenance will continue to keep the sidewalks and parking lots clear of snow and ice but remember, **you must move your car in order for the spot to be plowed.** Move your car to an already plowed spot so maintenance is able to clear out the entire parking lot. Thank you for your assistance.
