What did the buffalo say at school drop-off?

Bison

Why did the kid cross the playground?

To get to the other slide

Why did the M&M go to school?

Because it really wanted to be a smartie

What do librarians take with them when they want to go fishing?

A bookworm

What did the paper say to the pencil?

Write on!

Watch Out for that School Bus!

Learn and obey the school bus laws, as well as the "flashing signal light system" that school bus drivers use to alert motorists of pending actions:

Yellow flashing lights indicate the bus is

preparing to stop to load or unload children. Motorists should slow down and prepare to stop their vehicles.

Red flashing lights and extended stop arms indicate the bus has stopped and children are getting on or off. Motorists must stop their cars and wait until the red lights stop flashing, the extended stop-arm is withdrawn, and the bus begins moving before they can start driving again.

Stop on Red

Kids Ahead!

HAUNTED HOUSE SCRAMBLER

It's 10PM, do you know where your children are? Although the iconic line may not be in use as a Public Service Announcement today, supervising your children is still a part of your lease. Anyone under the age of 18 is considered a dependent and the head of household is responsible for all actions of your household members. If you do not know where and what your children are up to—find them.

Make Sure To Plan Your Escape Routes And If A Fire Starts:

- ⇒ Remember to GET OUT, STAY OUT and CALL 9-1-1 or your local emergency phone number.
- ⇒ Yell "Fire!" several times and go outside right away. If you live in a building with elevators, use the stairs. Leave all your things where they are and save yourself.

- ⇒ If closed doors or handles are warm or smoke blocks your primary escape route, use your second way out. Never open doors that are warm to the touch.
- ⇒ If you must escape through smoke, get low and go under the smoke to your exit. Close doors behind you.
- ⇒ If smoke, heat, or flames block your exit routes, stay in the room with doors closed. Place a wet towel under the door and call the fire department or 9-1-1. Open a window and wave a brightly colored cloth or flashlight to signal for help.

- ⇒ Once you are outside, go to your meeting place and then send one person to call the fire department. If you cannot get to your meeting place, follow your family emergency communication plan.

Fire Extinguishers

- ⇒ Get training from the fire department or a fire extinguisher manufacturer.
- ⇒ If you try to use a fire extinguisher on a fire and the fire does not immediately die down, drop the extinguisher and get out.
- ⇒ Before you use a fire extinguisher, be sure that the fire department has been called, everyone has left, and your back is to an exit.

Please remember to always be safe and respectful when grilling. You must keep your grill 15 feet from the apartment building at all times—that means during use and storage.

Why do calculators make great friends?

You can count on them

What is the snake's favorite subject?

Hiss-tory

What is a math teacher's favorite dessert?

Pi

Why did the teacher marry the janitor?

Because the janitor swept the teacher off their feet

What room can a student never enter?

A mushroom

What did the spider make online?

A web-site

When it comes to Autumn there is no doubt in anyone's mind it's the perfect season for a Pumpkin Spice latte. Or is it an Apple Cider you're craving? When it comes to the dessert table at Thanksgiving, are you reaching for the perfect slice of apple pie? Or is it the pumpkin pie that calls out to you? No matter which fall flavor holds your love, know the vegetable and fruit holds tons of healthy vitamins (as long as you're eating the real thing!)
